Light Receipts and Quality Only Fair.

TOPS TO

Out Shipments For Two Days Good.

The local hog market vesterday was a strong five higher, with slightly increased receipts and quality not so good as the day before. It was a fairly active day, with the few offerings going at prices fully five cents higher than the average for Thursday. The quality of the re-ceipts, considering the average run was poor, and the best of the day were only fair and hardly up to the tone of the day previous. The tops for yesterday were \$3.50, against \$46 for car hogs the day before, and the quality of the top load for yesterday was not so good as the car for the day previous. The range me bulk westerday was a full 5 higher, things considered, and the top was likewise easily 5c higher. The first ca load to cross the scales was a load 25 hogs selling without dock or cut and averaging 231, this car selling at \$3.45. The range of the wagon trade from the on was from \$3.66 to \$3.45, the bulk being \$3.35@3.45. All the hogs of salable worth went readily at the best the markets gen orally would warrant, and at the closs of the day's business all the floor pens were vacant and the offered hogs disposed of. Dold was the main buyer for all butcher hogs, taking the cream of the day's offerings, both in the wagon trade and car stuff. The general quality for the day was only fair, and the bulk of the stock on sale being only ordinary and below that of the day previous. The de-mand was good, the buyers waiting way up until the last for any possible stock that might arrive, and invariably paying the best prices warrantable for the day its own with the western markets generally, most of the others falling off even more than the Wichita market. There was no special feature of yesterday's tradg, the business being transacted omptly and all sales being recorded ful-up to the call of any other of the west-

ern markets. Following are the comparisons for the day, week and year: Tops for yesterday, \$2.50; bulk of sales, \$2.55(2.45; average weight, 214; receipts, 863. For the day before: Tops, \$3.475; bulk of sales, \$1.256 \$4.255; average weight, 219; receipts, 712. For the same day a week ago: Tops, \$3.70; bulk of sales, \$3.50g3.85; average weight, 206; receipts, 440. For the same day a year ago: Tops, \$3.06; bulk of sales.

\$1,9001.05; average weight, 221; receipts, fell. Shipments out yesterday of hogs bought here on eastern order, 5 cars. REPRESENTATIVE SALES. Dock, Av. Wt. Price . 120 \$3 50

shippers of fair light hogs which were disposed of toward the close.

L. B. Morledge & Co. of Ponca City were shippers of light medium grade hogs yes-

A. P. Johnson of Elmer was on the A. F. Jahnson or Either was on the market with two cars of light and me-dium hogs, one selling without dock or out out. This firm are large cattle feed-ers of their section, and their surplus reports the desirable grades of mackets Mrds done, and he believes this crop will deet an expectations from his rection. Mr. J. T. Phirammons was a caller at

the yards resterday meeting old acquaint-ances. He was a regain hinting of the yards about six years are, and since

unt appearance. Mr. Mushner, one of the traveling salvenen for the Jacob Dold Packing Com and its in at headquarters, arrang-

another week's business numeric of the Doid Picking company pesterday were as follows: Taree cars to Arkamas, 1 to Texas, 1 to Memto Haffalo, and a cur of lard to

Other markets were as follows: At Chicage the estimate had been for 25,000 hogs, they reveived 21,000, against 22,000 the day before and left over, 1,057. The market will quoted as 5 cents higher. The last bulletin read: There was an active demand for hear, as ne noot receipts are expected until Tuesday or Wednesday." At Kansas City the receipts were 0.5%, against 18.00 the day before, and the market was generally quoted as arong and to higher. This, however, was only true of choince stock, the balance being only rieady. At St. Louis the receipts were 1.00, against 5.20 the day before, and the market was a full 5 higher. Ribs on the provision trading went off 5 cents, and the provision trading went off 5 cents, and

oads doing the hauling yesterday were as follows: Santa Fe. C; Missouri Funific, 2, and Rock Island, 1.

County Treasurer Loyd was a caller at he stock yards yesterday afternoon. In company with a party of friends and rel-

Receipts of live stock at the St. Louis Vational Stock Yards so far this year to and including today amount to 295.035 cat le. 845,662 hogs, against 218,363 cattle, 863, 12 hogs, received during the correspond ing period last year. These figures show a decrease of 20,930 cattle, and 17,550 hous. The imports of cattle in Great Britain in May of this year were \$2,240 head, and of sheep, 80,303. Compared with May, 1897, this shows a decrease of 8,355 cattle, and an increase of 16,504 sheep. On the five months' import, however, there is an actual increase in cattle this year over 1897 of 11,175, and of sheep, 86,000.

This is the last notice to all shippers.

This is the last notice to all shippers of stock to this market and all others having business at these yards. There will be no market here until next Tuesday morning. In accordance with an agree-ment, as heretofore announced, between the commission firms, the Union Stock Yards officials, and the Dold Packing com pany, there will be no live stock business transacted on next Monday. Anything re-

ceived at the yards will be cared for, as on Sundays, but no business done. All remember this.

From the Cincinnati Price Current: In the provision trade prices have been comewhat irregular during the past week, without striking changes, display ing some weakness at the close, at a modrate decline compared with a week ago. The urrent distribution of product is not usintaining the proportions shown earlier. The trade appears to be in a besitating mood, more or less governed by fear of yellow fever conditions in the south, and he disturbance of traffic liable to be in dent to such conditions. This is an appre-enson, and measurably affects operaions unfavorably. The week's exporlearances were moderate of meats and fairly liberal of lard. So far as the ouook of manufacture is concerned, the in dications are that there is generally a fairly good supply of young hogs, but it appears reasonable to regard the chances as in favor of a smaller extent of slaugh tering for the coming four months than was recorded for the corresponding time last year."

DOMINION OF CANADA

Little to Be Desired.

TRADE FUTURE IS BRIGHT

Crop Outlook Good--Enormous Exports Go On.

New York, July L-Bradstreet's tomer

In a period as usual devoted largely to stock taking and with holiday and midsummer influences making for a narrow and restricted trade, there is little that is novel to be found regarding current distribution. The first half of the year closes with a very satisfactory showing in many lines of trade, as evidenced by the returns of bank clearances, railroad earnings, reports as to the consumptive not least, by that infallible barometer of the mercantile world-business failures.

Harbingers of the future are found in the generally favorable crop prespects, not only of cereals, but of cotton, fruits continued heavy foreign demand for and 15 in Canada, against 20 last year.

Few important events are chronicled this week in the business world. The semi-annual shut down of many industrial concerns, particularly those in iron and steel and glass, and some textile manufacturing concerns, has been an-July, but this has been without much efvices from the west, indeed, lead to the belief that this shut-down, in some cases, may not occur at all this year, while in others the time devoted to repairs and stock taking will be considerably abridged. The situation in iron is a rather mixed one, most complaints coming from

the west.

It is significant, however, that the fall in coast freight rates has been credited with improving demand for iron and steel for export, and considerable orders have already been booked, notably some steel rails for Egypt and Mexico, while orders for 15,000 tons are reported refus-ed on account of time limits set. Pig iron and steel rails reflect the lessened activity in a shading of prices. Doubts are expressed as to the ability of the pig iron makers to control production and the next two weeks will probably be full of interest to the iron tra cerelangdania interest to the iron trade generally. The tone of the wheat market continues bearsh, notwithstanding that the world's visfble supply has decreased 12,000,000 bushels in two weeks and that the probabiliies are that visible stocks of old wheat on August 1 will be as low, if not lower, than last year's, which were the small est on record for seven years. A heavy falling off in the condition of the Kansas

wheat crop is indicated. Rather less steadiness in prices is observable, most cereals, pork, lard, cotton and print cloths, copper and lead. A large distribution of bleached cottons at prices higher has been a feature and the demand for fireworks and bags this year is conceded to be heavily in advance of

Cereals still move abroad in quantities unprecedented for the time of year. Wheat shipments for the week aggregate 4.716.401 bushels, as against \$.709.479 tast week, and 2,780,848 in this week a year ago and Heydler. 2,601,696 two years ago, 2,007,001 in 1856, and 1,850,200 in 1894. Corn exports show a decrease from last week aggregating a year ago, 1.598.631 (we years ago, 388.863

In spite of the unfavorable features there were fewer failures, smaller liabiliyear than in any previous year for four

cent fewer than a year ago, 15 per cent less than two years ago, and only 3 per cent larger than in 1892. Liabilities, too, are smaller, aggregating \$72,129,341, 23 per cent smaller than last year. 31 per cent smaller than two years ago, 95 per cent smaller than in 1895, and 57 per cent below those of 1993.

Business fallures in the Dominion of Canada for the six months of the present year make a declarefly god showing. They number \$13, involving \$5,780,648, a decrease of 24 per cent in number and in liabilities as compared with last year, and making still better comparisons with earlier periods.

DUN'S REVIEW. weekly review of trade will say tomor-

quarter of the year, whereas a decrease of 62 per cent might have been expected Friend and Sullivan. from experience of the past ten years, but with that allowance, a difference of nly \$1.500,000 can be charged to war and fears of war, whereas solvent payments brough clearing houses for the quarter McCauley. were over \$15,000,000,000. In the very hear years defaults campe from an eigenh to a and in bad times from a third to a half proportion is less than a fifth. The quarerly statement given today shows an ag- with polic and cholera infantum since gregate of \$14,695,074, which is smaller than 189) except one, and the average of liabilities, default to firms in business and to Cholera and Diarrhoea Remedy,

KANSAS MOONLIGHT PICNIC

Court House Last night's lawn fete on the grounds of the court house square was one of the most lusciously moonin surcewes of the season up to this notch on the calendar. It looked like everybody in Wichita was there at \$30, but at \$30 the outer edge of the assemby had grown across Main street and started down town on the other side. There were probably forty or fifty tables, and thuy were all occupied all the time, and the way refreshments were served demonstrated the ability of Do You the ladies of the First Presbyterian

Lawn fetes in this part of Kansas spread where the frisky, good-natured breezes caper up from the stubble fields and splash the moonlight of June over into the moonlight of July, are worldbeaters. They are epochs. The gilt-edged promenades of Saratoga with a \$500 a night band blowing its face into a puff ball and the 9.000 candle are light similing itself into a tea kettle sputter is not in it with the side-wise and miscellaneous march of a Kansas lawn-moonlight-los cream-cake-and-lemonade-benefit pic It is perfectly cosmopolitum. Its field to observe and enjoy would require some thing celestial to surpass.

Last night business men who couldn't

be pulled into an in-door social with a rope and pulley went up to the court house lawn fete and fell into a chair in a comfortable attitude, stretched then selves full length into the mellow night wind and proceeded to enjoy themselves. were the jokes they learned when boys. was variously estimated at from \$1,000,000 but they cracked jokes and unjoyed them to \$3,000,000 before he began his career on They are ice cream and cracked more jokes and ate more ice cream. It's a day off and the business man will give the occasion a flanneled berth in his memory. Because the night, the crowds, especially the women of Wichita, of Kansas, are not surpassed in any part of the globe represented by the man now known. The young man who would be a gallan and the young woman who would be appreciative swapped cheap compliments and were happy. The small boy scampered about on the grass through the cuter edges of the crowd and improved the magnificent chance he had to get rid of those everlasting yells that must be given or lay as a dead weight on his prog-

ress to manhood. And they cannot be given in daytime, either, The moonlight picnic is one of a series of steps in the development of the Kansas KANSAS CITY.

Kansas City, July 1.—Wheat—Better; No. 1 hard, new, 78; old, 81; No. 2, new, 71; No. 3, old, 81; new, 70; 78; No. 1 red, 82; No. 2 old, 81; new, 73; No. 2, 75; No. 2 spring, 70978; No. 3, 5092.

Corn—Steady: No. 2 mixed, 3014; No. 5 white, 319314; No. 3, 3094.

Rye—Steady: No. 2, 40.

Hay—Moderate demand; about steady.

Butter—Steady: apparator, 128114; dairy charmingest moods.

charmingest moods. It was not known last night just what the ladies cleared for themselves or for the hospital, but the picnic was a brili-

faut success for the town. PATRIOTIC SUNDAY SERVICES Will be Held at the First Methodist

Church Preparations are being made for an unusually attractive program at the First Methodist church Sunday. It will be a patriotic day throughout. Rev. Slutz will deliver a sermon at 10 o'clock, his subject being "Patriotism Peculiar to Americans." Miss Margaret Pond of Hotchinson will sing "There is a River"

by Chadwick. In the afternoon the Sunday school will recitations and other attractive features Misses Ella and Gertie Hacker left

prepared especially for the day. DR. ENGLISH WAS BROTHER
